

# A Better Understanding of the Last 3 Columns

Name	Identifier	Level	Listp	Sorto	Cours	Type	Allowassignments	Includecomment	Conversionsscale
Mathematics	MA.3	1	3	1	513M	4	FALSE	FALSE	
Operations and Algebraic Thinking	MA.3.1	2	MA.3	1	513M	4	TRUE	FALSE	
Solves problems involving multiplication and division within 100	MA.3.2	2	MA.3	2	513M	4	TRUE	FALSE	1282
Understands the relationship between multiplication and division	MA.3.3	2	MA.3	3	513M	4	TRUE	FALSE	1282
Multiply and divide within 100	MA.3.4	2	MA.3	4	513M	4	TRUE	FALSE	1282
Solves problems involving the four operations with whole numbers	MA.3.5	2	MA.3	5	513M	4	TRUE	FALSE	1282
Number and Operations in Base Ten	MA.3.6	2	MA.3	6	513M	4	TRUE	FALSE	
Understands place value to perform operations	MA.3.7	2	MA.3	7	513M	4	TRUE	FALSE	1282
Number and Operations- Fractions	MA.3.8	2	MA.3	8	513M	4	TRUE	FALSE	
Develops understanding of fractions	MA.3.9	2	MA.3	9	513M	4	TRUE	FALSE	1282
Measurement and Data	MA.3.10	2	MA.3	10	513M	4	TRUE	FALSE	
Solves problems involving measurement	MA.3.11	2	MA.3	11	513M	4	TRUE	FALSE	1282
Represents and interprets data	MA.3.12	2	MA.3	12	513M	4	TRUE	FALSE	1282
Understands concept of area	MA.3.13	2	MA.3	13	513M	4	TRUE	FALSE	1282
Recognizes perimeter as an attribute of plane figures	MA.3.14	2	MA.3	14	513M	4	TRUE	FALSE	1282
Geometry	MA.3.15	2	MA.3	15	513M	4	TRUE	FALSE	
Reason with shapes and their attributes	MA.3.16	2	MA.3	16	513M	4	TRUE	FALSE	1282
Mathematics Comment	MA.3.50	2	MA.3	17	513M	4	FALSE	TRUE	
Name	Identifier	Level	Listp	Sorto	Cours	Type	Allowassignments	Includecomment	Conversionsscale
Mathematics	MA.3	1	3	1	513M	4	TRUE	FALSE	2812

If there is a conversion scale # on a line, the teacher will have choices in the drop down menu of their Gradebook.

If column is left blank, teachers doesn't have any choices!

**FALSE** in the Includecomment column, a comment can't be entered by teachers.

**TRUE** in the allowassignment column does (2) things:

- 1) Appears in the Gradebook
- 2) Allows grades in Gradebook.

**The use of FALSE-FALSE-BLANK:** Standard will not be seen in the Gradebook thus can't be graded as there is NO DROP DOWN choices in Score Inspector. The upper most Mathematics would be assigned to a Math Course and therefore need not be seen as a standard in that Math course- UNLESS as in the bottom most Mathematics in blue - your school wanted to Grade the overall content area. In this Blue example - Mathematics is graded and has a different conversion scale.

**The use of TRUE-FALSE-BLANK:** Standard will be seen in Gradebook but has no drop down choices. This sequence of data allows these standards to serve as not graded rather sub categories of Math.

**The use of TRUE-FALSE-NUMBER:** Normal Standards seen in Gradebook, no comment capability and their own conversion scale.

**The use of FALSE-TRUE-BLANK: YELLOW.** This sequence is reserved for a Comment only. You would think it should be FALSE but when it's set up that way- 2 Comment columns occur 1) Column to enter a grades will appear 2) to the left of a 2<sup>nd</sup> column for the Comment. Comment Column. You want ONLY 1 column for a standards comment.
